PROJECTS / OPEN-SOURCE

RythMix | [Link](#)

JavaScript, HTML, CSS

- Built a responsive music web app to improve user engagement through interactive playback controls and dynamic UI.
- Implemented real-time song details (title, poster, duration) using HTML, CSS, and JavaScript.
- Enhanced frontend development skills by focusing on user experience and responsive design.

engineering-info-portal | [Link](#)

HTML, CSS, JavaScript

Developed an educational portal providing clear, structured insights into multiple engineering branches (CSE, Civil, Mechanical, Electrical, Aerospace).

Designed an intuitive and responsive UI using HTML & CSS, enabling easy navigation and improving access to organized information.

StationaryHub | [Link](#)

CSS, HTML

Built a responsive online stationery storefront offering pens, notebooks, planners, and backpacks.

Designed intuitive navigation (Home, Shop, About, Contact) and product categories using HTML & CSS for a clean shopping experience.

Added customer testimonials to increase credibility and enhance user trust.
